How this is worked out

- Week move = last close on or before Fri 11 Sep against the last close before Mon 7 Sep. Prices are not adjusted for dividends.
- Medians are used for sectors and the four-week line, so one extreme stock does not swing the whole group. On days a thinly traded share did not trade, its previous close is carried forward.
- 52-week high or low: a close this week beyond every close of the previous ~245 trading days.
- Left out (not enough price history for this week): Panchatv Bharat Ltd, Kaytex Fabrics Ltd, Ken Enterprises Ltd, N R Vandana Tex Industries Ltd, Sonaselection India Ltd, Vinod Texworld Ltd.

How this is worked out

- Week move = last close on or before Fri 11 Sep against the last close before Mon 7 Sep. Prices are not adjusted for dividends.
- Medians are used for sectors and the four-week line, so one extreme stock does not swing the whole group. On days a thinly traded share did not trade, its previous close is carried forward.
- 52-week high or low: a close this week beyond every close of the previous ~245 trading days.
